

Community Parks in Sublimity provide a variety of structured, active, passive, and informal recreation opportunities for all age groups. These parks are generally larger in size and serve a wide base of residents. Typically they include facilities that attract people from the entire community, such as sports fields, pavilions, and picnic shelters, water features, and natural areas, along with restroom facilities and parking. Our Community Parks also contain shelters that are available to rent for group picnics and events.

Sublimity has many beautiful parks in which you are welcome to hold events. We have a total of two sheltered areas at the parks listed below that are available to rent for a fee.
