

Type A Permit is Required to build a Fence or Shed

News Release Date

03-01-2024

A Type A permit is required to build a fence, shed under 200sq ft, Decks or patios, install an irrigation system or major landscape project. Also if your business is installing a sign, a permit would be required. A type A permit is free and protects the homeowner or business owner before any expense is incurred and removal is required. You can find this form under Resources - Forms & Permits.
